Fredonia Arizona is located within the Arizona Strip north of the Colorado River and south of Utah. Then as now, all transportation routes into the area must deviate widely around the Grand Canyon. This natural wonder, and sparse population in the region, account for the long length and low frequency of this remote postal route.

Depart Fredonia Tuesday March 25, transit Lee’s Ferry Wednesday March 27, Arrive Tuba Friday March 28, Depart Tuba Monday March 31, Arrive Flagstaff Wednesday April 2, 1902. Eight day transit, 273 miles.
